Mr Maksud Gangut
Orchard Primary School
Christchurch Road
London SW2 3ES

Dear Mr Gangat

We so enjoyed having a visit from your Year 5 students today. Not only did they interact beautifully with our residents, but we then had a lovely surprise of a cheque for £100 that the children have raised for us.

Thank you so much, we really do appreciate it especially as you have thoughtfully given it to us for the much needed hip protectors. Sadly, falls are a daily part of Nightingale's resident's lives as many are very frail. The hip protectors mean that we can avoid the disabling result of broken hips or pelvis' and your generous donation will be so useful. I would be grateful if you could pass on our thanks to the children as well.

I really enjoyed having the children in the synagogue with us, they asked very insightful and intelligent questions, were interested and very knowledgeable. Not only do our residents enjoy the relationship with youngsters from Orchard Primary School and Al Risalah school, but our staff feel the same, so a continuing link is a wonderful prospect. We would be happy to bring along two or three residents to visit the school but I suggest we leave that until the Autumn Term as our summer programme is already quite full.

I look forward to being in touch again soon with yourself or Iffat.

With best wishes and many thanks again

Helen Spiro
Volunteers Support and Development Manager
