Dear Parents,

Booking Meals Online

With our new Schoolmoney.co.uk facility, you will now have to book your children's meals online. This applies to all year groups including KS1 & Reception.

Booking meals online is very simple, all you have to do is log onto the school money website and choose if your child is having school meals or packed lunch. (This applies to Free School Meals and Universal Meals also). Meals will need to be booked by midnight the day before your child has the school meal. You can also book your child's meals online for the whole term. Using this facility means children will not need to specify their meal options every day in the classroom which will avoid any unnecessary arrears.

To start using the service, the school must have your current email address and mobile number. It is very important you provide your most up-to-date contact information otherwise you may have problems logging into Schoolmoney.co.uk and booking and making payments.

If you have not already done so, please return the contact information slip below with your up-to-date details. If you need any help with booking your child's meals online please speak to a member of the school office who will be happy to assist you.

Kind regards,

Admin
School Office
